

## COAL STRIKE MAY BE ENDED TODAY

## STATE LIQUOR MONOPOLY IS DEBATE TOPIC

## CAMPAIGN ATTACKS BY KELLY CALLED RIDICULOUS

Lansing, May 27 (AP)—Michigan's liquor monopoly system was defended as the "best way to control and regulate the liquor business" and opposed "because the state shouldn't act both as a policeman and bartender" in a debate sponsored by the Michigan Temperance Foundation today.

Felix H. H. Flynn, a member of the state liquor control commission, argued for the present system, and State Senator Harry P. Hittle, East Lansing Republican, contended that the state should withdraw from the business, retaining only enforcement powers.

Flynn declared that "if control and regulation is the primary motive, then the monopoly system is the more desirable."

The open system, he asserted, is preferable "if the primary motive is to make a larger supply of liquor available to the public more conveniently."

Only selfish reasons, he charged, in many cases have "nothing but selfish reasons for attempting to take the purchasing and distribution of alcoholic beverages from the hands of state government to gain profit for themselves."

Hittle argued that "it is not necessary for the state to engage in the business of buying and selling liquor in order to control the liquor traffic," and asserted that the commission would "still have every facility available to control the liquor business."

Flynn declared that if Michigan changed to an open system "it would have only a nominal role in the licensing of those who should operate, but the final say-so would lie in the hands of unscrupulous wholesalers who would be answerable to no one as long as they paid their taxes."

Flynn estimated that "huge sums of money for propaganda are being spent—not less than one-half million dollars to get the system changed."

Drive on Bars Defended

He termed "ridiculous" campaign attacks by Raymond J. Kelly, Republican candidate for governor, that "the present liquor commission is making a terrible mess of things."

To Kelly's charge that the "30-60 and out policy," revoking licenses of persons who sell to minors was causing an undue hardship, Flynn retorted that "the licenses may be worth \$17,500 to \$30,000 but how much are the human lives worth that we are trying to save?"

Asserting that Kelly said the current drive on bars with questionable ownership "was not fooling anybody—there would be a real clean-up if we had an honest administration," Flynn said:

"Ten of eleven licenses already have been revoked because of questionable ownership and the bars are still operating because the owners have taken the cases to court. Mr. Kelly is a lawyer and he knows how long it takes to get decisions. If we are defeated in the lower courts we will carry the cases higher."

## SUMMER HOTEL SOLD

Charlevoix (AP)—The fountain city house, built in 1867 and once the most elaborately appointed summer hotel in northern Michigan, has been sold. The purchaser was Charles Levitt and Jack Glick of Detroit, who have changed the name to Pine River hotel.

## Doolittle Gripe Board Proposes That Army Erase Social Barriers

BY WILLIAM R. SPEAR

Washington, May 27 (AP)—Farrington Doolittle, a member of the "gripe board" to sweep away all social distinctions between army officers and men were made public today by the war department with a promise that they will be adopted if feasible.

Declaring that "much of the present structure of our army harks back" to the old Prussian and British military orders, the board called for abolition of off-duty saluting, of social discriminations, and even of the terms "enlisted man" and "officer" in favor of plain "soldier" for everybody.

In addition to removal of the social dividing line between officers and men, the board also strongly recommended a number of other reforms.

1. It proposed that the system of promoting officers on the basis of seniority be discarded. Instead it urged a merit system—one

which would permit officers to be demoted, too, or dismissed entirely if incompetent. It said that men selected for officers ought first to serve a year in the ranks—except in the case of technicians, and they should not get command posts.

2. It advocated that anything which is a crime for enlisted men should be a crime for officers, and that the higher the offender's rank, the more severe be the penalty. It also proposed that enlisted men be allowed to serve on courts martial, provided they outrank the accused.

3. It called for a halt to wholesale distribution of decorations "that will tend to cheapen them," and declared that the higher a man's rank, the more difficult it should be for him to merit an award.

4. It also proposed reforms in pay, allowances, messing facilities and inspections.

The six-man board of former officers and enlisted men, headed by former Lt. Gen. James H. Doolittle, is officially called the "board on officer-enlisted man relationships." It heard 42 witnesses and received more than 1,000 letters and delivered its 53-page report last Monday.

The war department, in releasing the report today, said in a statement:

"By direction of Secretary of War Patterson, all staff sections of the war department have begun study of the report and its recommendations. The report notes that some steps already have been taken by the war department to meet problems set out in the report. Additional steps will be taken as may be indicated and possible."

## PHILIPPINES GET NEW PRESIDENT

## End To Lawlessness Is Pledged; Independence Comes July 4

Manila, Tuesday, May 28 (AP)—Manuel A. Roxas, who was inaugurated president of the Philippines today, pledged that a free and law-abiding nation, closely associated with the United States, would arise July 4 from the rubble of war.

On a high rostrum amid the debris of a conflict that tested the country's desire for freedom, Roxas took the oath to guide the islands through their first years of independence.

In his prepared inaugural address, the 54-year-old president pledged an end to lawlessness that has plagued the archipelago, promised closest relations would be maintained with the United States after independence is gained, and advanced a program to encourage new industry and higher living standards.

The brief ceremony in its historic setting of the sprawling ruins of buildings of state was a preview of that to be staged July 4 when the archipelago becomes independent.

## Transit Tieup Ends For Los Angeles

Los Angeles, May 27 (AP)—Striking AFL-Transportation Union workers voted today to return to work Wednesday morning on the Los Angeles Transit Lines, which have been idle since May 3. The vote was 1,788 to 322.

The vote of the 4,000 employees to return to work followed a two-hour mass meeting at which the executive board of the union recommended that the strikers accept the company's offer of \$1.23 an hour for a 44-hour week, after a probationary six-month period at \$1.14, as against \$1.03 an hour previously.

## TWO DROWNED IN CLOUDBURST

## Susquehanna River Goes Over Banks; Waters Isolate Village

Williamsport, Pa., May 27 (AP)—Two persons were dead and several towns inundated following a cloudburst in Tioga County (Pa.) that sent flood waters rushing down the west branch of the Susquehanna river tonight.

Charles Gilmore, a farmer at Mill Hall, near Lock Haven, drowned when he was sucked into the swollen waters of Fishing Creek, while trying to remove debris from a factory dam.

Richard Bowman, also of Mill Hall, was pulled out of the creek, but died before he could be removed to the Lock Haven hospital.

Renovo, a community of 3,800 persons, was isolated when the heavy rains loosed earth slides that disrupted traffic on the Williamsport branch of the Pennsylvania railroad and cut telephone communications.

Hartford, Conn., May 27 (AP)—The Connecticut river here has risen to within two feet of its 16-foot flood crest it was disclosed at the U. S. geodetic survey measuring station tonight.

The rise since late Sunday was fixed at eight feet from a crest of 6.3 feet, with the flood stage expected to be reached sometime tomorrow "unless the rain stops," a station attache said.

The U. S. Weather Bureau reported a total rainfall for the period of 2.72 inches for this area.

## Leftists Hold Lead In Czechoslovakia

Prague, May 27 (AP)—The Communists, an other extreme left wing parties won 51 percent of the total vote in yesterday's hotly-contested Czechoslovak parliamentary elections, virtually complete returns showed tonight.

A Communist party spokesman predicted the slim plurality would be sufficient to assure extreme left wing control of the 300-member assembly, which will draw up a constitution.

There was immediate speculation as to whether the Communists would demand greater representation in the cabinet, where they now hold the ministries of information, interior and education.

## Mother Dies Under Tractor, Son Drowns

Grand Rapids, May 27 (AP)—A tractor accident today claimed the life of Mrs. Grace Williams, 36, less than two weeks after her son, Carroll, 15, was drowned in the Thornapple River.

Mrs. Williams and her husband, Albert, were staying at their farm near here. He had been dragging a field with a tractor and his wife relieved him while he went to a nearby pasture to round up some horses.

On his way back, Williams told Deputy Sheriffs George Laman and William Douma he saw the tractor hit an obstruction and roll down a 50-foot ravine.

Dr. Paul Bloxson, coroner, said death was instantaneous. The son lost his life when he fell in the river 10 days ago.

## SENATE HOLDS UP TRUMAN'S WALKOUT BILL

## LABOR LEGISLATION ATTACKED BY UAW AS SLAVERY

BY ALEX H. SINGLETON  
Washington, May 27 (AP)—Sweeping anti-strike legislation hit snags in congress today amid furious charges and denials that President Truman was "ham acting" and that his legislative lieutenants were "stalling" on a permanent bill to curb labor unions.

As a powerful coalition of senate Democrats and Republicans opened fire on the president's request for temporary power to draft men who strike against the government, Senator Morse (R-Ore.) accused Mr. Truman of "one of the cheapest exhibitions of ham acting I have ever seen."

He asserted that the White House knew at noon on Saturday that the railroad strikers were ready to work—more than four hours before Mr. Truman made the announcement of the end of the strike in a dramatic interruption of his address to congress.

Senator Barkley of Kentucky, the majority leader, arose to accuse Morse of "one of the greatest injustices ever done a president of the United States."

When the president began reading his address to the congress at 4 o'clock he had not been advised that the settlement was made at 3:57, Barkley said.

In an atmosphere of taut nerves, Senator Taft (R-Ohio) charged that the administration was "stalling" in the house on the permanent legislation passed by the senate Saturday.

This latter measure, similar in many respects to the Case bill previously approved by the house, would curb strikes, set up a fact-finding board and outlaw union-controlled funds such as that sought by John L. Lewis, United Mine Workers leader.

The parliamentary situation in the house was such that action was not expected for three days and possibly ten.

Meanwhile organized labor mustered its forces for a desperate, last-ditch drive to defeat or modify the president's far-reaching emergency legislation. William Green, president of the AFL, issued a statement contending the bill would authorize "slave labor under fascism."

There were few signs that the senate would heed the chief executive's admonition to "act fast"

## Officer Is Accused Of Ordering Yank Prisoners Beaten

Bad Nauheim, Germany, May 27 (AP)—Lt. Granville Cubage was accused by the prosecution today of issuing orders to guards at the U. S. Army guardhouse at Lichfield, England, to beat imprisoned American soldiers "to the floor" if they refused to obey orders.

The court martial of Cubage, Oklahoma City official, on charges of cruelty to prisoners, was resumed today after a three week delay. Testimony that the six-foot physique of the officer helped him win appointment as a prison officer was offered to the court.

The first witness tomorrow will be Sgt. Judson H. Smith, Cumberland, Ky., one of two soldiers already convicted of cruelty to prisoners at Lichfield.

## Woodward Avenue To Glisten With Gold For Parade

Detroit, May 27 (AP)—The City of Detroit will apply the King Midas touch to its main street for the Automotive Golden Jubilee.

A thousand gallons of gold paint will be sprayed on Woodward avenue between Grand Circus Park and the city hall in the wee hours of Saturday morning to make everything glitter for the big parade that afternoon.

## Milk Or Butter? Consumer Chooses

Lansing, May 27 (AP)—Would you rather have milk or butter? Dairy production won't be enough for both, Agriculture Director Charles Figg predicted today.

An increasing demand and more attractive ceiling price for milk will act to keep butter supplies scarce, he said, even when Michigan farms hit peak production, expected next week.

And if a more favorable price brings butter to market, Figg continued, there won't be enough milk to go around.

## Troop Train Wreck Kills Three; Over 30 Marines Injured

Harrisburg, Pa., May 27 (AP)—Two marines and a Pennsylvania railroad engineer died today in the derailment of a Maryland-bound troop train 15 miles east of here.

More than 30 of 208 marines on the train were injured, eight seriously.

Engineer C. E. Merget of Philadelphia was killed by scalding steam in the cab of his locomotive.

The marines died several hours

after the derailment in nearby hospitals. Both were burned by escaping steam.

Officials at Harrisburg hospital identified one of the servicemen as Earl Iretton, (no address). Identification was made from a dog tag.

The other marine died in the Middletown air depot hospital. His name was withheld pending notification of next of kin.

Names of injured marines were withheld.

PRR officials reported that Fireman L. F. Kurtz of Harrisburg was badly burned in the wreck.

Chief Clerk J. A. Wickenhaver, of the company's Philadelphia division, said the only other crewman injured was Howard Kenny, a train agent from Germantown, Pa. He was discharged from the hospital after treatment for lacerations about the head.

Maj. Eugene Strayhorn, of Oceanside, Calif., commander of the train, said there were 208 marines on board "just back from China and Japan" bound from San Diego, Calif., to the naval station at Bainbridge, Md.

The derailment occurred in an isolated section of Dauphin county. PRR officials in Philadelphia said no cause of the wreck had been determined.

## CANADIAN LAKE CARRIERS IDLE

## Striking Seamen Refuse To Man Ships Because Of Labor Dispute

Toronto, May 27 (AP)—Lake ships lay idle at ports along the length of the Great Lakes tonight following a strike early today by the Canadian Seamen's Union in which about 5,000 sailors were called off the job.

The full effectiveness of the strike was not immediately determined and both operators and union heads said the situation was confused.

The C.S.U. said 50 to 55 lake ships were tied up and predicted that within 48 hours not a single ship would be moving. Ship owners, however, through the Dominion Marine Association, stated at noon today that only 17 of 115 ships owned by four large companies were affected.

On the strike issues, too, disagreement arose. The union said it was on strike to implement its demand for an eight-hour day instead of the present 12-hour shift. The Marine Association declared, however, it already had agreed to institute an eight-hour day, subject to National War Labor Board approval.

The only issue in which agreement has not been reached, the association said, was the question of the number of extra men to be hired.

## Woman Admits Six Husbands, Married To Three Of Them

Detroit, May 27 (AP)—Ruth Phelps, 24, who admitted to the witness stand that she had married three men and had three common-law husbands, was fined \$500 and put on three years' probation today by Federal Judge Arthur F. Lederle.

Charged specifically with using the mails to defraud, Miss Phelps testified she solicited money from the mother of Lt. George Williams, Jr., of Kennedy, Tex., under the pretense that she was an expectant mother.

In addition to Williams she identified her common-law husbands as Petty Officer T. A. Fraser and Michael Benson, both of Detroit. Her husbands, she testified, were Col. Kenneth G. Haymaker of Holtville, Calif., W. G. Erwin of New Orleans and Lt. Warren O. Tadlock of Charlotte, N. C.

Judge Lederle said the \$500 fine was to help offset costs of her trial.

## Conditions Laid Down For Peace With China Reds

Nanking, Tuesday, May 28 (AP)—Chiang Kai-shek was reported today to have advised U. S. General Marshall that Chinese Communists must recognize government sovereignty in Manchuria and help restore communications there as a precondition to further peace talks.

Ta Kang Pao, owned by the extreme right wing of the Kuomintang (National Party) said Chiang's terms were included in a letter sent Marshall from Mukden by special plane. The newspaper said Chiang indicated he would remain in Manchuria for another week.

## OFFICER ACQUITTED

Detroit, May 27 (AP)—Detective Lt. Charles Buckholdt, a veteran member of Detroit's homicide squad, was acquitted by a police trial board today of charges of neglect of duty stemming from a 1943 race riot case.

## FORD OVERPAYS

Washington, May 27 (AP)—A credit of \$508,993.98 to Henry Ford for overpayment of 1944 income tax was announced today by the Internal Revenue Bureau.

## LAWYERS GET PAPERS READY IN AGREEMENT

## PROGRESS REPORTED MADE WITH BOSS JOHN L. LEWIS

BY HAROLD W. WARD

Washington, May 27 (AP)—Secretary of the Interior J. A. Krug reported tonight that "some progress" had been made today toward an agreement with John L. Lewis and there was every sign that lawyers were preparing a draft of an actual agreement to end the stoppage.

Closing out six and a half hours of conferences during the day with the United Mine Workers leader, Krug as federal administrator of the seized mines sent word to reporters that attorneys for all parties would be "busy tonight working on the progress made."

The lawyers seldom are called into such disputes before there has been a general meeting of minds bringing the issue down to details of putting the agreement into contract form.

Meeting at 11 A. M.

A spokesman for Krug, declined to say definitely that a contract was being prepared.

Another meeting will be held in Krug's office tomorrow at 11 a. m. (EST).

Meantime, the stoppage in the mines, interrupted by a working truce that ended Saturday night, was again virtually complete.

Lewis himself had nothing to say when tonight's four-hour session broke up at 7 p. m. He referred all questions to Krug, and would not even say whether he would be back tomorrow.

The government's tentative proposals for a contract to end the dispute which began March 12, were made to Lewis on Saturday.

Bigger Increase Opposed

The amount of the wage increase favored by the government, was not learned specifically but officials most concerned with the wage price policy have been represented as opposed to granting the 400,000 bituminous miners any more than the 18 1/2 cents hourly increase granted to the CIO Steelworkers and CIO Auto Workers.

Until that time there had been no outward indication that the UMW chief was doing anything except to resist stoutly all efforts to get him to send his 400,000 soft coal diggers back to the job.

Meantime the stoppage itself, interrupted for two weeks by a working truce which expired Saturday night, was in full effect.

Some two hours after this afternoon's meeting in Krug's office began, Wally Hopkins and Thomas Townsend, UMW lawyers, entered the conference room bearing armloads of papers. Bystanders took it as a signal that the talks had reached the stage of putting down definite terms.

Not Far Apart

The conference had started out with Lewis flanked only by UMW Vice President John J. O'Leary and two district vice presidents, Percy Tellow and John T. Jones.

Several other district presidents were in for an hour shortly before the lawyers were called in.

Three hours after the meeting began at 3 p. m. (EST), however, there had been no actual word from the negotiators.

One member of congress, talking to a reporter several hours before the signs of development began to appear at Krug's office, called an agreement imminent.

Another said the negotiators were not far apart but reported final accord might take some time. Neither

## GROOS DRIVER ADMITS GUILT

**Milwaukee Woman's Car Damaged By Hit-Run Motorist**

Donald Sharkey, 22-year-old Groos man, admitted to local police officers Monday that he was the driver of a hit-run car that struck and slightly damaged in the rear end of a sedan parked in the 1800 block of Ludington street about 12:30 o'clock Sunday morning. The damaged vehicle is owned by Irma Lovenbach of Milwaukee, who reported the accident to police and later produced evidence involving Sharkey, who will probably be arraigned today.

Ronald Hamelin, young son of Mr. and Mrs. Rene Hamelin, South 16th street, received minor body bruises late Saturday afternoon in the 1200 block of First avenue south, when he was struck by a car driven by Mrs. James Smith, 813 South 17th street, as he was running across the street.

## Tieup Threatens Rochester, N. Y.

Rochester, N. Y., May 28 (Tuesday) (P)—A general strike of 40,000 AFL-CIO unionists threatened this industrial city today but a union spokesman declined to set the zero hour for the shutdown, which may result from a 13-day old municipal public works labor dispute.

Anthony A. Capone, president of the AFL Central Trades and Labor Council, would not disclose union strategy beyond an early morning statement that "our plans are proceeding according to schedule."

A joint AFL-CIO strategy committee, in announcing no reply had been received from the city at the 10 p. m. (EDT) deadline to the union ultimatum for recognition of organized public works department employees, declared last night, "a general labor demonstration is the only alternative."

## Cpl. Bussineau In Jap Capital

With the Eighth Army in Japan —Cpl. Lawrence J. Bussineau of Escanaba, Mich., is now serving with the famous 1st Cavalry division in the present occupation for the Nippon capital.

Overseas since June 10, 1945, Bussineau is serving with the 21st Field Artillery Battalion. A veteran of one campaign, he wears the Asiatic-Pacific Theatre Ribbon with one campaign star, Good Conduct Medal, World War II Victory Ribbon, and the Occupation Ribbon for Japan.

As a civilian, Bussineau attended the Escanaba High school, and later was engaged in farming. He entered the Army December 28, 1944, and took basic training at Fort Knox, Kentucky. After discharge, he plans to return to farming.

His parents, Mr. and Mrs. Henry Bussineau, reside at Escanaba, Route No. 1.

## MANAGER REPLACED

Jackson (P)—Mayor Edward F. Behan Monday announced the appointment of C. H. Elliott, Plymouth's city manager, to a similar position here, effective July 1. Elliott was the unanimous choice of the city commission which earlier dismissed A. J. Koenig. Elliott served at Oak Park and Pontiac before going to Plymouth 10 years ago.

Murray D. Van Wagoner

**HERE TODAY**—Murray D. Van Wagoner, Democratic candidate for the nomination for governor, and former governor of Michigan, will be in Escanaba today to attend a noon luncheon meeting of Delta county party workers at the Delta hotel. Prosecutor J. Clyde McGonagle will be toastmaster.

From Escanaba Van Wagoner will go to Powers and Norway this afternoon, and will spend the night at Iron Mountain. Wednesday he will continue on to Ironwood with stops enroute, and on Thursday will be in the Copper Country and stay overnight at Marquette, returning to Lower Marquette Friday following stops at Munising at 9:30 a. m. and at St. Ignace at noon.

## Canadian Officer Found Shot Dead In Morrison Hotel

Chicago, May 27 (P)—Detective Edward Corr said tonight that Lt. Col. John Fletcher, 46, of the Canadian army was found shot to death tonight in his room at the Morrison hotel. He said police were questioning a Wheaton, Ill., man in connection with the shooting.

Corr said that Fletcher had served as an officer of instruction in the Canadian army. He quoted the Wheaton man as saying that Fletcher, during a furlough, had visited with him and his wife at their home.

The Wheaton man's wife was in the hotel room with Fletcher when police arrived after the shooting, Corr said. She also was taken to central police headquarters for questioning, but Corr said she refused to talk "until I see my lawyer."

## Pay Raise Rejected By Maritime Union; Strike Due June 15

New York, May 27 (P)—A group of 3,500 members of the National Maritime Union (CIO) which has scheduled a walkout June 15 tonight voted unanimously to reject by ship operators for a \$12.50 monthly wage increase and overtime adjustment, the NMU announced.

The action was taken at a meeting at which Joseph Curran, NMU president, reported on negotiations earlier in the day between officials of the union and a committee representing 39 ship owners.

Later in a telegram to Frank J. Taylor, chairman of the ship owners' negotiating committee, Curran said: "The membership unanimously rejected these proposals as completely inadequate, representing an increase of less than nine percent in the lowest paid rating aboard ship."

Lansing, May 27 (P)—Enough dough to bake 12,000 loaves of bread oozed in a sticky mass over a city dump today, discarded because of a breakdown at the Peter Pan Bakeries.

## WELFARE MEET WILL BE HELD

**Upper Peninsula Parley In Marquette On June 6-8**

Marquette—A three-day Upper Peninsula regional conference on social welfare and mental health, presented by the Michigan Welfare league and the Michigan Society for Mental Hygiene in cooperation with 20 health, school, veteran and welfare associations and public agencies, will be held at the Northern Michigan College of Education June 6-8.

Probate Judge Carroll C. Rushon is chairman of the program committee for the conference, planned for all persons interested in community social welfare, mental health services and programs for children and adults.

The range of topics to be covered includes labor relations and community welfare, state public assistance, visiting teacher and mental health programs, veterans' psychiatric problems, child welfare services, social legislations and social work procedure.

**Haber One of Speakers**  
The sessions will be free to members of the Michigan Welfare league and the Michigan society for mental hygiene, but non-members of the two organizations may attend by payment of a \$1 conference registration fee.

Among the dozen or more speakers will be Dr. William Haber, professor of economics, University of Michigan, and a consultant of the Office of War Mobilization and Reconstruction; Dr. Samuel Hartwell, director, division of mental hygiene, state department of mental health; Graham Davis, director of the Kellogg Foundation; Dr. Charles A. Zeller, director of the state department of health; Louis C. Miriani, president of the Michigan welfare league and director of the Detroit legal aid bureau, and F. F. Fauri, director, state department of social welfare.

## SENATE HOLDS UP TRUMAN'S WALKOUT BILL

(Continued from Page One)

a plea which brought house passage of the emergency bill in an hour after he addressed congress Saturday.

## BY FELIX B. WOLD

Detroit, May 27 (P)—The CIO's big Auto Worker's Union jumped into the fight against President Truman's labor legislation tonight by proposing "joint" opposition from all organized labor.

A national labor conference, including the AFL and the Railroad Brotherhoods, was advocated by UAW-CIO President Walter P. Reuther, who asked CIO President Philip Murray to take immediate steps for calling such a meeting.

Denouncing Mr. Truman's proposal to draft strikers into the army, the auto unioner, said his legislation would make "slavery legal again" and would be the "first step toward fascism in America."

The UAW-CIO proposal was enunciated by Reuther, newly elected president of the Auto Workers, in a statement which he said bore the agreement of "top officers" of his union.

It was Reuther's first public statement on a national controversy since he took active charge of the Auto Workers Union late last March.

Earlier UAW Vice President R. J. Thomas had charged President Truman's proposal would make the federal government a "plain and simple strike-breaking agency," Thomas said it was "shockingly anti-democratic."

## Haircuts In Detroit Cost \$1, Shaves 75c

Detroit, May 27 (P)—Union barber shops began charging \$1 for a haircut and 75 cents for shaves in Detroit today.

And, if you get your hair trimmed on Saturdays and holidays it'll cost you \$1.25.

A number of barbers said the new rates had been accepted without a "single squawk." Some patrons tipped, they said.

Prior to the increase, the rates generally were 85 cents for a haircut and 50 cents for a shave.

## Bakeries May Not Accept Consumers' Sugar For Cakes

"Regulations do not permit an industrial user of sugar to request sugar from a consumer for a product which that industrial user manufactures," the Detroit Office of Price Administration has informed the Delta county price control board.

The local board has had a number of inquiries regarding consumers furnishing sugar to bakeries for cakes for special occasions. "A baker is considered an industrial user," the state OPA said, "and as such he is given an allotment of sugar from OPA and he may not receive sugar from any other source."

All bakeries in this district have been notified of the ruling and the county price control board is asking consumers to cooperate by not offering sugar to bakeries for cakes for any occasion.

The nearest approach to a definite and quotable appraisal came from Senator Barkley (D-Ky.) who called the situation "hopeful" after the regular Monday conference of legislative leaders at the White House. He gave no detail of what might raise such a hope.

Meantime, continuing senate argument over President Truman's strike-draft legislation gave Lewis time for more bargaining. If he wanted it, without running afoul of any new laws.

## Bradley Praises Merchant Marine

Washington, D. C. (WMS)—The Merchant Marine is deserving of high tribute for its accomplishments, Rep. Fred Bradley of Michigan said yesterday.

He said it was fitting that tribute be paid to the thousands of young Americans who served in the Merchant Marine during the last war and performed such an admirable job of transporting millions of our youth overseas to the fighting fronts without loss of a single man or woman in military uniform, and in transporting millions of tons of armament, munitions and war materials all over the world.

Rep. Bradley said tribute should also be paid to those in the administrative departments of the Maritime Commission and in the War Shipping Administration who directed the program and especially those charged with the responsibility of building our tremendous bridge of ships, the greatest single achievement in vessel construction of all times.

He said there should be a pause in mute tribute in honor of the young men of our nation who gave their lives in maritime service through various accidents, torpedos and bombings.

## Record Of Truck, Car Sales Must Be Give To The OPA

Under OPA regulations, duplicate certificates of transfer in the sale of all passenger or commercial vehicles in the county must be turned in to the Delta county price control board, officials here remind the public.

When a car or truck is sold by either a dealer or a private individual, duplicate certificates of transfer must be made out and signed by the seller. The duplicate should be given to the purchaser at the time of the sale and the original must be brought in or mailed to the Price Control Board, 1215 Ludington street, within five days after the date of sale. Failure to turn in the certificate or to report the sale of a new or used vehicle is a violation of OPA regulations.

Personnel at the local control board are prepared to assist individuals in completing the necessary certificates of transfer.

Because of the extra accessories on used trucks, the board cannot quote ceiling prices over the tele-

phone. To secure the ceiling prices on used trucks individuals are required to complete form PF 618, giving full information regarding the make, year, model, body type, serial number, tonnage, wheel base, tire size and a list of the extra accessories. Without this information a definite price cannot be established.

Form PF 618 may be had on request at the price control board.

## Find Dogs Weighted With Stone, Dead In Park's Yacht Basin

Two dead dogs found in the Ludington park yacht basin which had been tied with a stout rope and weighed with stone prompted a reminder by city officials that there is a more humane as well as a more sanitary method of disposing of unwanted animals.

Police officers will pick up and arrange to gas dogs and cats whose owners wish them destroyed.

### Youth Rally, Other Events Schedule Of Van Meer Baptists

Munising—The Van Meer Baptist church plans a busy session for the next month or more, with the following schedule announced yesterday:

Rev. C. Van Ryne and Rev. Hartema of Muskegon, Mich., will be the speakers at the mid-week services to be held at the Van Meer Baptist church Wednesday evening.

A youth rally will be held on Thursday, May 30, with the young people of the church having an outing including a game of ball to begin at 2:00 o'clock in the afternoon, with a picnic lunch supper to be served at the Van Meer school in the evening. Rev. Arthur A. Glenn of Escanaba will be the speaker at the evening service of the Youth Rally which will be held from 7:00 to 8:00 o'clock.

Rev. C. F. Olin of Gladwin, Mich., will hold evangelistic services at the Van Meer Baptist church beginning June 9 through June 16. On June 17 the Van Meer Baptist church will begin their daily vacation Bible school. Rev. C. F. Olin will conduct this summer school.

### Mrs. Alex Chartier Dies Mon. Morning

Munising—Mrs. Alex Chartier, 55 years old, 719 West Superior street, died at 11:15 o'clock Monday morning at the Munising hospital. She had been in failing health for the last three years.

Mrs. Chartier was born November 15, 1890, in Negaunee, Mich., and had lived in this territory the past 30 years. She also lived for some time in Slapneck, before coming to Munising.

She is survived by her husband, two sons, Gerald and Benedict at home; five daughters, Mrs. Gertrude Froberg, Mrs. Louise Fulcher, Mrs. Geraldine Doenitz, Mrs. Clara Grondine, all of Munising, and Miss Beatrice Chartier at home. She is also survived by one brother, Fred Zimmerman of Munising, and one sister, Mrs. Elsie Opitz of Munising, several nieces and nephews and ten grandchildren.

The body of Mrs. Chartier was removed to the Beaulieu funeral home and will be taken home Wednesday morning at 10:00 o'clock. Funeral services are incomplete.

Mrs. Chartier was a member of the Sacred Heart church and the League of Sacred Heart.

### Rex Ervin Becker Dies Of Pneumonia Sunday At Newberry

Munising—Rex Ervin Becker, 24-year-old son of Mrs. Josephine Scott, Burt Township, and Merle Becker, Detroit, died at 8:30 p. m. Sunday of bronchio pneumonia at the Newberry State hospital, after an illness of only three weeks.

Besides his parents, Mr. Becker is survived by two brothers, Max and Ray Becker, at home, and two sisters, Mrs. Victor Moore, and Mrs. Charles King, of Dearborn, Mich.

The body was removed to the Beaulieu funeral home where it will remain until the time of the funeral.

Funeral arrangements were incomplete Monday afternoon.

### TRUCK IN RIVER

Munising—Nick Cameron, driving a truck for the T. and P. Logging company of Indiana, sent his truck into the Anna river Southeast of Munising on Highway M-28 and 94 early Sunday morning. Mr. Cameron said he went around the curve, saw two cars passing each other as they approached him and he took to the ditch to avoid them. There was no one hurt and no damage done to the truck other than giving it a good soaking in the river.

### CONSTIPATION ENDED WITHOUT DRUGS

Millions Turn to Famous Cereal for Lasting Relief!

You, too, may get lasting relief, if you suffer from constipation due to lack of bulk in the diet. Do as millions do, eat a daily dish of crisp, delicious KELLOGG'S ALL-BRAN, and drink plenty of water. Do this every day, and you may never have to take another laxative as long as you live!

ALL-BRAN'S magic works by providing gentle-acting bulk utilized in the colon to further normal, easy elimination. It's not a purgative. It's a highly nutritious regulating food.

More Nutritious than Whole Wheat!

Because ALL-BRAN is made of the vital outer layers of wheat, in which whole-wheat protective food elements are concentrated. One ounce provides over 1/3 your daily iron need—to help make good, red blood. Calcium and phosphorus—to help build bones and teeth. Whole-grain vitamins—to help guard against deficiencies. Protein—to help build body tissue essential for growth.

Eat ALL-BRAN every day. Get this delicious cereal at your grocer's. Made by Kellogg's of Battle Creek and Omaha.

### Fire Causes Heavy Damage To Munising Craft Monday Night

Munising—Fire caused by an explosion in the engine of the "Roamer of Munising", which had just been overhauled in preparation for the opening tourist season, Monday night caused an estimated \$1,000 of damage to the craft, used by its owner, Fred Lakosky, to carry trolling fishermen.

Lakosky was thrown to the deck and was slightly injured in the accident, which he could not explain.

The craft was anchored at the Munising municipal dock and local firemen put out the blaze. The loss was not covered by insurance.

Lakosky purchased the boat four years ago at Garden. He hopes to have the craft ready for use again by the middle of the summer season.

### Nora Lee Boundy, C. Kjellin Married

Munising—Geraldine Nora Lee Boundy, Munising, became the bride of Carl Hilding Kjellin, of Munising, in a ceremony performed by Justice of the Peace John A. Vizona on Friday, May 24. Miss Dorothy Collins attended the bride and Harold J. Revord attended the bridegroom.

### MUNISING BRIEFS

Carl Berg has left for Grand Rapids where he expects to enter college.

Mrs. Paul Berg and son Ronald, left Sunday for Toledo, O., to visit with Mr. and Mrs. R. Snyder for one week. Mrs. Berg and son will then go to Chicago to meet Lieutenant Berg who is returning from duty in Panama. He expects to receive his discharge from the service soon.

### Legion Post At Rapid River Plans Memorial Program

Rapid River will observe Memorial Day with a program on Thursday sponsored by the Walter W. Cole post.

Members of the American Legion and Auxiliary will meet at the town hall at 9:30 o'clock, and march to the Rapid River bridge, where transportation will be provided to the cemetery.

The Memorial Day address will be given by Judge William Miller. Included in the program will be singing, the firing of a salute, and taps.

### SCHEDULE ROAD BUILDERS MEET

County, State Highway Officials Gather At Houghton June 24

State and county highway officials of the Upper Peninsula will gather in Houghton on June 24 for the 38th annual convention of the Upper Peninsula Road Builders Association, at which Charles M. Ziegler, state highway commissioner, will be the principal speaker. About 250 road men are expected to attend.

C. L. Marley of Ontonagon is president of the U. P. Road Builders Association; W. A. Gray of Marquette vice president; and R. K. Stevens of Iron Mountain is secretary-treasurer.

A. O. Cuthbert, engineer-director of the County Road Association of Michigan, is among the principal speakers at the opening day of the session. On that day, also, Commissioner Ziegler will consult with county representatives.

Other speakers on the two-day

### Former Resident Taken By Death

Mrs. Lovina Louise Gauthier, 67, a former resident of Escanaba, died at Racine yesterday morning, where she has been making her home for the past 27 years. She suffered a hip fracture in a fall six months ago, and has been in ill-health since that time.

Born in Clarence Creek, Ont., Canada, Mrs. Gauthier is survived by five daughters and one son: Mrs. Ralph Walters, Mrs. C. Wurster and Mrs. L. Chumbley of Racine, Mrs. C. Rivard of Escanaba, Mrs. L. Scholter of Milwaukee, and Alvin Gauthier of Racine. Fifteen grandchildren also survive.

Mrs. Gauthier was a member of Holy Name church, of the Christian Mothers society of that church, and of the Rosary Society.

The body is being brought to Escanaba for burial in St. Ann cemetery, and will be in state at the Alto funeral home at 4 o'clock Thursday afternoon. Graveside services will be held at 11 a. m. Friday at St. Ann cemetery with the Very Rev. George Laforest officiating.

program are Walter Gries, Cpl. Ralph Sheehan, Floyd E. Evans, director of the Michigan Aviation Commission; Louis M. Nims, chairman of the state tax commission; and J. L. Williams, traffic manager of the Greyhound Bus Corp.

Members of the Delta county road commission, and supervisory employees of the state highway department at Escanaba are expected to attend. Among the latter are: Andrew A. Anderson, F. M. Walker, Frank C. Schwarzenberg, E. A. Bessonen, Tom McMeekan, John Owens and others.

### Pressure Groups Win Again

PRESSURE groups scored another victory at the expense of the American public Saturday when the senate banking committee voted to remove price controls from meat and dairy products, effective June 30. Fortunately the action is not yet final as it must still pass the senate and the house and finally receive presidential approval.

If the congress yields to the meat and dairy lobbies on this point, it may as well abandon the price control program entirely and start looking for new printing presses to print the paper money that will be needed to feed the inflation that is bound to follow.

It is senseless and a pure sham to establish a price control program that does not embrace meats and dairy products. These items represent a very substantial part of the nation's food budgets. Any lame brain knows that it is impossible to hold the price line on other commodities while the cost of meats, milk, cheese, butter, cream, etc., soar into the stratosphere.

Merely as a bait to catch the votes of congressmen who do not know which way to vote on the price control issue, the banking committee inserted an amendment into the bill which it is contended will serve as a brake against run-away prices. This would give the secretary of agriculture authority to reinstate price controls on meats and dairy products, if necessary. This is simply another example of locking the door after the horse has fled the barn.

Congress can never hope to reach an end to the wave of strikes that has impeded reconversion as long as it appears willing to let prices spiral without control. No matter how much wages are increased, they can never keep up to the pace of uncontrolled prices.

### Coal Strike Next

HIS prestige increased by the forcefulness he displayed in the settlement of the railroad strike, President Truman now seeks to bring peace to the soft coal mining industry.

The truce, under which the mines have operated the past two weeks after a 42-day shutdown, expired at midnight Saturday. But production during the truce period was greatly reduced, because many miners refused to return to work.

Settlement of the coal strike is a prime requisite before the nation can resume the long-delayed reconversion program with any hope of success. The railroad strike has been ended, but stoppage of production in the soft coal mines could in a short time wreak almost as much havoc as the tie-up of the nation's transportation system. Coal is needed to operate the railroads, power-generating facilities, steel plants and other basic industries.

The government has seized the coal mines, and so the miners who stay away from the pits are putting themselves in the same position as railroad men who went on strike against the government. Public opinion is backing up President Truman in the drastic action he has taken, because the American people are sick and tired of strikes. Labor leadership, heedless of the public interest, has brought public opinion against it. The pendulum has swung the other way.

### Green Lumber

MUCH "green" or unseasoned lumber is being used today, so urgent is the demand for building materials in the construction of homes and other structures. L. V. Teesdale, engineer of the Forest Products Laboratory at Madison, warns that home builders are facing trouble unless they use dry timber.

Kiln-drying processes have made it possible to turn out seasoned lumber in a few weeks instead of a year or two. It was found advisable to eliminate even this slight delay in the case of temporary structures during the war, but unfortunately the tree-to-building jump persists in this postwar period.

Shrinkage and warping of green lumber can cause untold damage to millions of residence units now in the planning stage. Homeowners are advised that it will be much cheaper to wait a few additional weeks for their home than to pay increased maintenance costs and sustain swift depreciation over a period of years.

### Stephenson Chosen

STEPHENSON, progressive and attractive rural community in Menominee county, has been selected as one of the five sites in Michigan for an experimental project in community living. The program will be financed by the W. K. Kellogg Foundation and will be directed by a division of the state department of public instruction.

An executive committee will be appointed soon to take charge of the program of community betterment. Among

the projects that suggest themselves are the establishment of a youth center, a community library, civic beautification, expanded recreational facilities and new agricultural industries, such as a slaughter house and freezing plant.

Stephenson is the only Upper Peninsula community selected for the Kellogg project. It is an ideal site for the purpose for Stephenson is one of the most promising rural communities in the region. The enthusiastic support of the schools, organizations and civic-minded citizens is assured at the outset, which in itself offers a good start toward the success of the project.

### Friend of the Hungry

H on international food is a man entitled to be called first citizen of the world, Sir John Boyd Orr, director general of the Food and Agricultural Organization of the United Nations. A Scot, a member of Parliament, a nutrition expert and food scientist, he virtually renounced nationalistic ties with election to his present post. Sir John is the father of an only son, RAF pilot killed in the war. He sees the FAO as the only answer to the atomic age.

Differing from UNRRA, whose job has been giving emergency food and assistance, FAO's aims are two, both worldwide: first, scientific increase of agricultural production; second, equitable distribution of food supplies. With no power to compel member nations to carry out FAO's plans, Sir John relies on education to spread its technical information and recommendations through UN organizations, such as the Social and Economic Council, International Trade Organization and World Bank.

FAO's director sees the loosely interpreted "survival of the fittest" theory as an excuse for greed, oppression and the growth of Nazi-like super-race ideologies. He believes food is above the realm of private property, and should be so handled that all peoples in all countries should have access to enough to maintain maximum health and growth. FAO, properly managed, can be the greatest thing that has happened to the world since Christianity, according to this sad-faced, warm-hearted scientist, Sir John Orr of Scotland.

#### WAINWRIGHT KNOWS

(Milwaukee Journal)

Gen. Jonathan M. Wainwright came to Chicago to plead, in a public address, for an adequate military system. He supported universal training, a strengthened and vitalized national guard and an adequate (thought not too large) regular army.

We know of no other man in America so well entitled to have his say about this. He and his men took the hard knock at Bataan. They were there because America had procrastinated and had allowed the unseeing pacifist groups to have their way; also because our congresses refused to adopt a straight and intelligent course, just as the present congress has refused.

Wainwright knows that if we go on as we are now, and if another war comes to us, there will be many Bataans.

#### THOSE AIRY -ARY WORDS

Still abroad in the land are a few Americans who subscribe to the outrageous misbelief that modern American English is a debased form of British English and that we have no right to use non-British pronunciations.

One such person (to save him from embarrassment, I shall not give his name) tells me in a lengthy tirade that I have been "defiling the King's English" by advising Americans to pronounce such -ary words as dictionary, military, secretary with four syllables, instead of the "correct" British diction'ry, milit'ry, secret'ry, etc.

Here is my reply—a poem which I wrote for this column several years ago, and which I have been requested many times to repeat.

Through my calling's literary,  
Quiet, peaceful, sedentary,  
Oftentimes my mood will vary;  
For a madman temporary  
Makes me warlike, sanguinary,  
When I hear some dignitary—

A "dictionree."

Oh, why is it necessary,  
In this land of mount and prairie,  
To affect an arbitrary

## World Events Analyzed

BY MARQUIS CHILDS

Washington—Back in the '30s, two ambitious young men had an advertising firm called Benton & Bowles. They made a great financial success and, with that security, they started out to explore other fields of activity.

These two men, Chester Bowles and William Benton, are today both in the government. Bowles, of course, is the embattled director of economic stabilization. From behind that fancy title, he fights a rear-guard action for the economic principles in which he believes. Just now it's price control.

Less well known to the public, Benton is assistant secretary of state for public and cultural relations. He, too, just now is fighting a battle, and fighting it with the same fervor that Benton & Bowles put into their advertising business.

With the help of an able staff, Benton put together a program which would make the world better informed about the United States. He proposed to use short-wave broadcasting which would reach regions that now get no objective news about America. He proposed to send able young men as information assistants to our embassies and legislations.

#### —HOUSE REDUCED FUND—

As carefully worked out, this program for the coming governmental year was to cost \$19,284,778. Those who put the information budget together say it contained very little waste. What the House did was to whack this figure down to \$10,000,000.

Intentions were good. The House appropriations committee was in favor of the "philosophy of the program." But as so often in the past, they were not willing to give it a real chance.

This means that, unless the senate restores the cut, the shortwave broadcasting will have to be eliminated. It means that the voice of America will not be heard at all in the Balkans and Eastern Europe.

It means that the Russian short-wave radio, with competition from the British, will dominate whole areas of the globe. Several surveys, both by the government and by private agencies, show that the volume of Russian propaganda has increased markedly since the end of the war.

This is particularly true in China. After the Japanese capitulation, Soviet propaganda was resumed there on a large scale. The official Soviet propaganda organization in China is the Tass news agency. Tass is building up an extensive staff in many cities, far beyond the needs of news reporting, which is Tass' job elsewhere. Much of this propaganda is directed against the United States and its armed forces in China.

In the Balkans, under Communist-dominated governments, the official radio is usually critical of the United States and silent on any of this country's positive achievements. In any controversy that we have with the Soviet Union or with the local government, the American case is simply not presented. The leftwing press supporting the Balkan governments refers frequently to American imperialism.

#### —WARY OF PROPAGANDA—

Propaganda is a word that we as Americans shy away from—and rightly. The word connotes distortion and untruth in the service of a political ideology. This poor old world has been battered by opposing propagandas for so long that truth sometimes seems to be the most harried of all the refugees who flee from disaster to despair.

Benton has repeatedly disavowed any intention of propaganda in the State Department's information program. Despite this, the threat of propaganda is intimated in another controversy in which Benton is involved.

Under a wartime arrangement, the State Department obtained news free of charge from the United Press and the Associated Press for use in short-wave news broadcasts. They were objective broadcasts, using the raw material furnished by the Great News-Gathering Agencies.

This arrangement was terminated after the end of the war. Benton then asked for the right to buy AP and UP news which would go into the same kind of objective broadcasts. That request was refused. Those who run the press associations seemed to feel that any relationship with the government in peacetime would endanger their objectivity.

That seems to me a singularly shortsighted point of view. Surely the independence of our press is so strong that it cannot be jeopardized merely if the government becomes a client of the great and powerful press services. Interestingly enough, Hearst's International News Service is providing news to the State Department as a client.

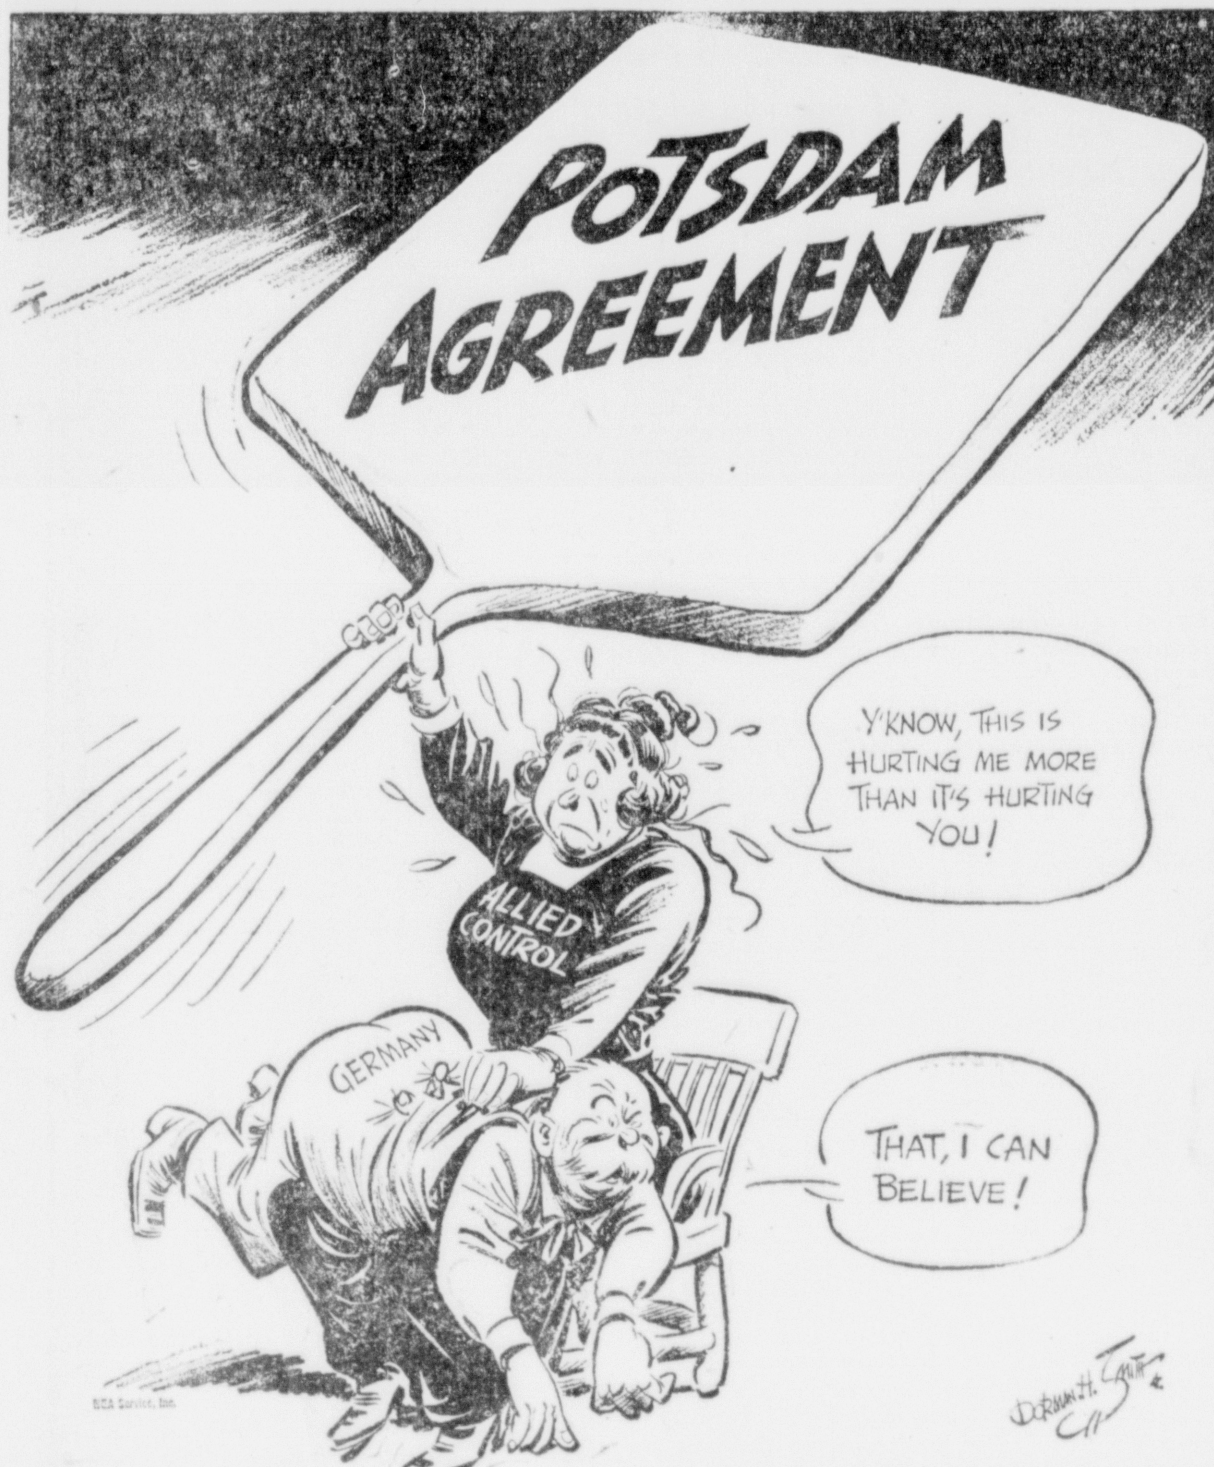

Objective news is essential in a world still half blacked-out. If no one else does the short-wave broadcasting job, the government must.

## Too Unwieldy for All Practical Purposes

### Good Morning!

WHAT TO SEE—This business of arranging a state fair program can be a headache or, as Harold Lindsay of Escanaba, U. P. State Fair secretary sees it, something that gives the people what they want. The success of the fair comes first. Give the people what they want and it's not too difficult.

The 1946 U. P. State Fair will be held October 27 to Sept. 1, inclusive, and will be the first one since 1941. That the one this year will be "bigger and better" is a foregone conclusion. It can't be any other way.

The "big fair" for the Upper Peninsula has had a somewhat precarious existence, largely because of funds—or lack of funds—whichever way you look at it. Then there are other troubles, too. The fair was cancelled in 1940, you will recall, because of the infantile paralysis epidemic.

THAT LULU BELLE—Talking with Lindsay the other day, we suggested that perhaps the Chicago Symphony Orchestra of 100 pieces might be a fair feature attraction which would bring out the crowds. Harold Lindsay, who has weathered other fair programs, struck his forehead dramatically and said that he'd take Lulu Belle, Scottie and the WLS barn dance anytime.

Harold wasn't making comparisons between the quality of entertainment provided by the Chicago Symphony and the Chicago barn dance ensemble. He was just thinking of how such non-competitive programs would add or detract from U. P. State Fair attendance. And experience has shown him that one old-time fiddler and three canaphanous cowbells playing Turkey in the Straw are superior to 100 musical masters interpreting Tchaikovsky.

One strident yell from Lulu Belle will call in more fair customers than the more refined but less vigorous pipings of a Lily Pons. And that WLS guy with the "gus" and adenoids has a bigger following than the most famous Metropolitan bass. All of which proves nothing except that Harold Lindsay's first interest is a successful state fair.

SOME POLO, PLEASE—Once having seen a polo match, and considering it a fast, hard-riding game, we suggested to Harold that polo might ring the bell for the state fair program. Again a look of agony crossed Harold's handsome face and he recoiled as if from the suggestion that he sponsor a spiritualistic seance.

For polo was tried once before, it seems. And people got right up all seven of them—and walked out of the grandstand. They were utterly uninterested in whether or not the roan mare hit or missed the ball and cared less about what chucker it was. The cost in staging the game was high, the returns were low. That alone is the test in a fair program and so if you see a polo game at the state fair this year it will only be because it is the result of popular demand. This seems unlikely.

NOT ALL PUMPKINS—While this opinion is not Harold's but is derived from observation and experience, it seems obvious that the U. P. State Fair is not an agricultural fair. If it were nobody

would go except the persons who have entries and are interested in the premium money. It is true that the fair is designed to encourage agriculture and the general development of the Upper Peninsula. But it is the entertainment features of the program that draw the crowds and keep the books from accumulating too much red ink.

And it is also quite true that today's modern farmer is just as much interested in non-agricultural entertainment events as his city-bred brother. The lure of the carnival midway appeals to all, and Lulu Belle's most ardent fans have never been on speaking terms with a haymow. So don't be too harsh in your judgement of a fair program, whether you're from the city or the country. Barred Rocks and Hereford bulls may fascinate the owners of such bucolic specimens, but they have only a passing interest for the majority.

IT IS VALUABLE—This year, as never before, the U. P. State Fair is to go in more heavily for exhibits which will interest and encourage youth along the right path. The 4-H Club program is to be enlarged and will assume new prominence, while Boy Scouts and other youth organizations will have displays and contest for premiums.

Behind the whole dazzling facade of the fair will be the firm foundation of purpose for which the fair was organized—the promotion and development of the Upper Peninsula. In this way the fair is extremely important and has fulfilled its obligation to the taxpayers. And through its entertainment program it brings recreation to thousands and helps finance the whole undertaking.

The big state fair is coming back for the first time in five years. Put a ring around the

#### G. I.—VETERANS SERVICE

Q. My husband is overseas and expects to stay there two more years. Where should I write to inquire about transportation overseas to live with him?

A. Dependents are advised not to write to the War Department requesting transportation to overseas theatres. All applications for transportation of dependents must be made by military personnel through their theatre commander. In all cases, the soldier overseas will be informed when he may apply for such transportation by the theatre commander, who alone will act upon those applications within the priority system established by the War Department.

Q. Do wives going overseas require passports?

A. Yes.

#### OF GENERAL INTEREST

Q. Why is it difficult to wash with hard water?

A. Because the water contains saline matters, which deprive the water of a part of its solvent powers.

Q. What is the value, if any, of soaking clothes overnight before washing them? It seems to me a great deal of extra trouble, especially in these days of washing machines.

A. Soaking clothes overnight (or even for a shorter period) loosens dirt, saves time, and lessens wear. Often excessive wear and expense are incurred by running a washing machine longer than would have been necessary if the clothing had been soaked beforehand. Cover the clothes with soft, lukewarm, soapy water, and use separate containers for the badly soiled and the only slightly soiled. Or wet, soap, roll, and place the clothes in a small quantity of water. This may take more time, but is more effective.

Q. Did Abraham Lincoln ever make a statement about labor strikes?

A. In a speech delivered in New Haven, Conn., March 6, 1860, President Lincoln made the following statement: "I am glad to see that a system prevails in New England under which laborers can strike if they want to."

Q. What are the sailing distances from New York to San Francisco, via Cape Horn, and via the Panama Canal?

A. By way of Cape Horn it is 15,384 miles and via the Canal, 6,059 miles.

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—This column is indebted to Judge Thurman Arnold, former assistant attorney general in charge of the antitrust division, for additional information regarding the important question of bringing labor unions under the Sherman Anti-Trust Act.

Judge Arnold, who did more to enforce the antitrust laws than any one man in history, made four noteworthy attempts to prosecute labor unions as monopolies. First and most important was the Hutchinson case, brought against big Bill Hutchinson, head of the AFL Carpenters union, now, though not then, an intimate friend of John L. Lewis.

The Anheuser-Busch brewery in St. Louis was erecting a new building, in the course of which some machinery was installed by members of the machinists union. Whereupon, the carpenters objected.

Anheuser-Busch had enjoyed excellent labor relations with all unions, had a contract with the carpenters providing for arbitration. However, the carpenters violated their contract and went on strike to break the machinists.

Result: Anheuser-Busch didn't get their building built, and there was an attempted boycott of Anheuser-Busch beer by the carpenters all over the country.

Thurman Arnold construed this as a monopolistic attempt by one union to devour another, and in complete violation of the Sherman antitrust act. He brought a criminal action against the carpenters. When the suit reached the supreme court, however, Justice Felix Frankfurter wrote an opinion which said, in effect, that it was not illegal for one union to strike to kill another.

#### —CHICAGO HOD CARRIERS—

Another Arnold labor case was against the Hod Carriers in Chicago. They had struck because concrete mixers were used on Chicago building construction. Arnold believed that much of the housing shortage and the high cost of home building was because of antiquated methods insisted upon by the building trade unions. So he brought suit against the Hod Carriers.

Again the supreme court ruled against him.

There was also the Petrillo case. Music Czar Petrillo had been conspiring with radio networks against independent radio stations. He had been keeping high-school musical programs off the air and he had been refusing to let his musicians work for certain independent broadcasters.

Again Judge Arnold challenged this as a monopoly, especially the angle that Petrillo was cooperating with the networks. But again the supreme court ruled otherwise.

This further strengthened union monopoly. It meant that no musician could exist, or in fact any radio station, if either challenged Petrillo's power. It meant that when Lawrence Tibbett started an independent musicians' union it was doomed to failure almost before it started. For under the supreme court ruling, Petrillo could close down a radio station merely because it did business with a rival union—and the law would uphold him.

After Frankfurter wrote his decision in the Hutchinson case, the supreme court declined to hand down any more written opinions. It merely dismissed the government's case without comment. The court even refused to permit Thurman Arnold to submit a brief or to argue the case.

Congressman Monroney of Oklahoma some time ago introduced a bill placing labor unions under the Sherman act. His bill, if passed, would change completely the court's interpretation; would also block monopolistic control which big unions have over some industries; but would not interfere with legitimate strikes.

However, the labor-baiters who are now yelling so loudly for passage of the Case anti-labor bill gave absolutely no support to the Monroney bill, despite the fact that it has been gathering dust in congress for months. Furthermore, Judge Arnold approached the U. S. Chamber of Commerce and the National Association of Manufacturers asking for their support. He got nowhere.

At that time, big business—or at least some of its leaders—seemed content to go along with labor monopolies; which strengthens the suspicion that some business firms are playing hand-in-glove with labor leaders to keep out their own business competitors. Wonder if that explains last week's amazing statement by Robert U. Wason, president of the National Association of Manufacturers, vigorously praising John L. Lewis.

#### —MERRY-GO-ROUND—

Bob Hannegan is running into trouble with his "task force." His young men's committee, appointed to bolster weak spots in the Truman administration, can't operate without treading on the toes of certain weak administrators—especially John Snyder. Whereupon the cabinet protective society intervenes. Even broad-gauged Secretary of Treasury Vinson didn't like having his subordinates invade the sacred inner sanctum of John Snyder's duties. Jurisdictional disputes aren't confined to labor unions!

A thief robbed an Indiana store of \$700 worth of lingerie—and gave police the slip.

Opportunities might be more easily recognized if they didn't come disguised as hard work.

The cost of spring cleaning is why it begins with dad's wallet.

A soft shoulder has upset many a one-armed driver.

## ROBT. DEROUIN DIES IN CRASH

Former Escanaba Youth  
Killed in Accident  
At Adrian

Robert George Derouin, 19, formerly of Escanaba, was killed in an automobile collision in Adrian 3:45 o'clock Sunday morning.

Robert was born in Escanaba Nov. 21, 1926, and moved with his parents, Mr. and Mrs. George J. Derouin, to Adrian in 1943. Besides his parents, he is survived by two sisters, Irene and Theresa of Adrian, a brother, John of Fort Bliss, Tex.; and his grandparents, Mr. and Mrs. Tim Derouin and Mr. and Mrs. John Norden, Escanaba.

The body will arrive at the Allo funeral home this morning. Funeral services will be held at St. Joseph's church 9 o'clock Wednesday morning, with Rev. Fr. Alphons officiating. Burial will be in St. Joseph's cemetery.

## Road Commission Votes Pay Boost For Workers

Hourly wage rate increases of 10 to 20 cents and upward, and adjustments for salaried county road commission employees, effective June 1, were voted by the Delta county road commission yesterday in adopting a new wage rate schedule offered by Commissioner Hilding Norstrom of Gladstone. At the same time the commission reduced working hours to 40 hours a week.

There was little discussion on the wage schedule and it was adopted by the three-man commission, composed of August Larson, Rock, chairman, Norstrom and Henry Wylie, without a dissenting vote.

Marcus McNabb, Escanaba, who was removed from the road commission by a vote of the county board of supervisors following a hearing held last month, was present at the meeting but did not vote. McNabb is contesting the action of the county board which

resulted in his removal. A circuit court hearing scheduled for May 31 to review the board's action will have to be postponed because transcripts of testimony taken at the three-day hearing will not be ready by that date, according to Prosecutor J. Clyde McGonagle.

The new hourly wage rate schedule is as follows:

Casual labor, 60 to 78 cents; common labor, 75 to 85 cents; light equipment operators, 75 to 95 cents; heavy equipment operators, \$1.05; painters, 85 cents to \$1.05; mechanics, 90 cents to \$1.10; blacksmith, \$1.07 to \$1.27; machinist, \$1.07 to \$1.27; stock clerk, 85 to 90 cents; instrument man, 85 cents to \$1; engineer, 89 cents to \$1.

The salary schedule was as follows: Night watchman, \$6.67 to \$6.93 per night; stenographer, \$150 to \$160 per month; bookkeeper, \$180 to \$190 per month; office man-

ger, \$180 to \$200 per month; foreman, \$220 to \$240 per month; shop foreman, increased to \$215 per month; assistant engineer, \$220 to \$240 per month.

Other business before the commission included:

Authorization to advertise for bids for the grading and graveling of 2,000 feet of county road in Ford River township as recommended by J. T. Sharpsteen, commission engineer. Estimated cost is \$3,606. Bids will be received to June 10.

Authorized the purchase of one carload of calcium chloride and one car of slow-curing asphalt as recommended by the engineer.

Heard a delegation from the Danforth settlement, composed of Gus Soderberg, Felix Johnson and Peter Gardner, accompanied by

Supervisor O. J. Thorsen of Wells township. The delegation requested improvement to parts of the blacktop surfacing in the Danforth road, which they reported as in bad condition. The commission is to inspect the road and make a decision at the next meeting.

## Driver Injured As Child Hurls Stone Through Car Window

A stone thrown by a seven-year-old boy smashed the car window of an automobile driven by Mrs. Henry Besson, 1119 Sixth Avenue south, Sunday and flying glass injured Mrs. Besson's right arm.

The incident occurred on North 16th street.

## KIWANIS CLUBS MEET IN JUNE

Rev. James Ward To Be  
Delegate To Parley  
In Atlantic City

Rev. James G. Ward of Escanaba, lieutenant-governor for the northern district of Kiwanis International, will be a delegate to the national convention of Kiwanis clubs at Atlantic City on June 9 to 13.

Hamilton Holt, prominent southern industrialist and presi-

dent of Kiwanis International, will preside at the five-day meeting, which is expected to attract some 10,000 men and women from all sections of the United States and Canada.

Many leaders in business, industry, agriculture, and government have accepted invitations to address the convention. The speaking program will feature Dr. Ralph W. Sockman, pastor of Christ church, New York; Harold E. Stassen, former governor of Minnesota and delegate to the San Francisco Conference; General Omar N. Bradley, administrator of Veterans Affairs; Rep. Clare Boothe Luce of Connecticut, recently voted one of America's outstanding women; Secretary of Agriculture Clinton P. Anderson; William K. Jackson, Boston, pres-

ident of the Chamber of Commerce of the United States; Lionel Chavier, Ottawa, minister of transport, Dominion of Canada, and Drew Pearson, nationally known newspaper columnist and radio commentator.

The convention will open Sunday evening, May 9, and continue through Thursday noon, June 13. Major addresses will be based on the organization's nine objectives for this year as well as Kiwanis International's 1946 administrative theme, "Build for Peace—Unity—Opportunity."

Kiwanis International cancelled its annual conventions during the war and next month's meeting will be the first since Cleveland four years ago.

### RUNAWAY GIRLS HELD

Iron Mountain—Norma Good-nough and Dorothy Frapier, 15-year-old Escanaba girls, being held without charge by city police, will be released in the custody of their parents, who are expected here this afternoon.

They were picked up this morning in the company of John Jeppson, 23, and Gerald Pringle, 21, both of Sagola, who were awaiting arraignment in municipal court this afternoon. Jeppson is charged with driving while drunk and Pringle with disorderly conduct.

The Sagola men had the Escanaba girls with them in a car, owned and driven by Jeppson, at 7 this morning, when they were arrested by Officer Schupp.

Upon questioning, the girls admitted to Schupp that they had run away from home. The Frapier girl also admitted that she was paroled a month ago from the Adrian reformatory, after serving a year for running away from home.

Mrs. Garvey of Ironwood  
Elected President  
Of Auxiliary

John P. Willis of Sault Ste. Marie was elected commander of the Tenth District, comprising 31 posts in the Upper Peninsula, at the annual Veterans of Foreign Wars convention, which closed here Sunday. William Johnson of Ishpeming was named senior vice commander, and Charles McDonald of Hurlburt, junior vice commander.

Iron Mountain's bid for the 1947 convention was accepted.

**Auxiliary Elects Officers**  
Mrs. Mathilda Garvey of Ironwood was elected president of the Tenth District V. F. W. Auxiliary at the Sunday business session held at the North Star hall, which was attended by 108 members and delegates.

Other officers elected were: senior vice president, Mrs. Susan Rudolph, Escanaba; junior vice president, Mrs. Vera Person, Iron Mountain.

Mrs. Mary King Cloon of Ironwood, state department president, addressed the meeting and told of plans for the expansion of the national orphanage at Eaton Rapids. More accommodations are needed, she pointed out, to take care of the orphan children of the men who served in World War II.

Mary Sudek, St. Joseph high school student, read her winning essay, "What Must I Do to Be a Good Citizen?" The essay will be entered in the state contest.

400 at Banquet

Nearly four hundred men and women attended the banquet held at St. Joseph's hall Sunday noon. Principal speaker was William Tarr, Ludington, department commander, who warned that although "we have won the war, we must not lose the peace." Commander Tarr asserted it is a privilege to belong to the Veterans of Foreign Wars, and he added that each member has a duty to show an interest in his government and owes an obligation to "his buddy who didn't come back."

Mayor Marvin L. Coon, who served as master of ceremonies, welcomed the visitors to the convention. A fine musical program was presented by the St. Joseph high school glee club and Earl Owen, soloist. The invocation and blessing were given by Rev. Fr. Alphonsus and Rev. Fr. Francis. E. J. Kallio, Escanaba, convention chairman, in a brief talk, thanked the committees and others who helped to make the meeting a success.

Visiting V. F. W. leaders, introduced at the banquet, included: Merle Honner, Howell, department junior vice commander; James Tribbey, Detroit, department field service director; Arthur W. Thomas, Detroit, department quartermaster and adjutant; Carl Blanchard, Detroit, deputy chief of staff; Sherman Cobb, Ironwood, Tenth District department commander; Grant McCausley, Marquette, junior vice commander; and Ira G. Hart, Oden, department service officer.

The convention parade held Sunday noon extended over four city blocks. Marching in the parade were the Escanaba high school band, the drum and bugle corps and the Escanaba municipal band.

## TOURIST CLASS HERE TONIGHT

Color Movies Of Blaney  
And U. P. Will Be  
Exhibited

A three-phase program will be presented at the tourist information school to be held at 7:30 o'clock tonight in Room 153 of the junior high school building. Charles Folio, adult education director, announces.

Harrison Beach of Blaney will show beautiful color movies of Blaney Park and other tourist attractions of the Upper Peninsula. Chief of Police Michael F. Ettenhofer will explain the local traffic and parking regulations, and Roy Overpack, secretary of the Escanaba Chamber of Commerce, will present various items of information of interest to tourists.

Mr. Overpack's presentation will include facts on merchandise and services available here, license and fee information, local industries, directories of churches, doctors and dentists, railroad connections, bus and ferry schedules.

The general public is invited to attend. A special invitation is extended to operators and employees of retail stores, garages, hotels, restaurants and service stations. Those attending are asked to use the 15th street entrance.

### John Lindquist Of Bark River Claimed

John F. Lindquist, 58, of Bark River, died Saturday evening at Newberry.

Born Feb. 2, 1888 at Bark River, Mr. Lindquist resided there all his life, being employed in woods and farming. He was a member of the North Star Lodge.

He was unmarried, and is survived by two brothers, Otto Lindquist of Bark River, and Andrew Lindquist of Danforth.

The body was taken to the Anderson funeral home, where it will be in state this afternoon at 3 o'clock. Funeral services will be held Wednesday afternoon at 2 o'clock at the funeral home, with the Rev. Gustav Lund of Pethany Lutheran church officiating. Burial will be in the family lot in Bark River cemetery.

V. F. W. CONVENTION PARADE—Veterans of World Wars I and II from all parts of the Peninsula marched in the big parade during the Veterans of Foreign Wars convention in Escanaba Sunday noon. The procession started at junior high school and proceeded eastward on Ludington street, terminating at St. Joseph's hall, where the convention banquet was held. The above picture was taken in the "700" block.

### Health Department Sanitarian Coming To Upper Peninsula

The Michigan department of health is sending a sanitary engineer to the Upper Peninsula in about 10 days to work out of Escanaba in connection with the department's public health program, it was learned here yesterday.

The sanitarian is Orla McGuire, who has been employed with the department for about 10 years or more. He is recently discharged from the U. S. Army with the rank of major, after serving with the sanitary corps in the Middle East. He has been in service for three years.

### High Blood Pressure A Warning of Dangerous Complications

If you suffer from High Blood Pressure, and have been unable to improve your condition with old style methods—then take time out now and ask yourself "Why has not my condition improved?"

High Blood Pressure is a warning that something is wrong with your system—something, if left so, may lead to Hardening of the Arteries, a Stroke, Paralysis, Heart Trouble, Kidney Disease, or other grave conditions. Drugs and medicines that give only temporary relief will not do one bit of good toward removing the causes of your trouble. You must remove or slay the cause of your trouble. The Ball Clinic, through its system of Health Correction, combined with the World's Famous Mineral Waters and Baths of Excelsior Springs, has developed a new method of treating High Blood Pressure. Every day remarkable results are being achieved with sufferers regaining better health.

#### AMAZING FREE BOOK

In response to the great many who have written them about their modern methods of helping High Blood Pressure sufferers to better health, the Ball Clinic has prepared an Amazing Free Book entitled "High Blood Pressure—The Killer." It tells how their modern methods—correct basic conditions and troubles—how it may be possible for you to find comfort and relief, better health and a new outlook on life. There is no obligation. This instructive book may save you years of untold misery. Write today to BALL CLINIC, DEPT. 8665, Excelsior Springs, Missouri.

### Ford River Scouts To Receive Charter

The newly organized Ford River Boy Scout troop number 408 will receive its charter at a recognition ceremony Wednesday night at 7:30 o'clock at the Ford River school. Parents of scouts and the general public is invited to attend.

Following the ceremony, Richard Oslund, Escanaba magician, will perform. Lunch and refreshments will conclude the program. Arrangements are in charge of the troop committee, consisting of Frank Beaudry, Earl Peterson, John Flath and Harry Hebert.

### First Aid Work Shown By Scouts At Kiwanis Meet

Members of Troop 444 of the Boy Scouts gave a demonstration of first aid work at the meeting of the Kiwanis club at the Sherman hotel yesterday noon.

The first aid team, all members of the Wolf patrol, was composed of David Zerbel, Wayne Peterson, Conrad Luecke, Jordan Coplan, Dick Ellingsen and Bob St. Martin. Three members of the Elk patrol, Alfred Dufour, Peter and Paul Brien, served as patients.

1 One day, for fun, a gent named Paul had his fortune read in a crystal ball.

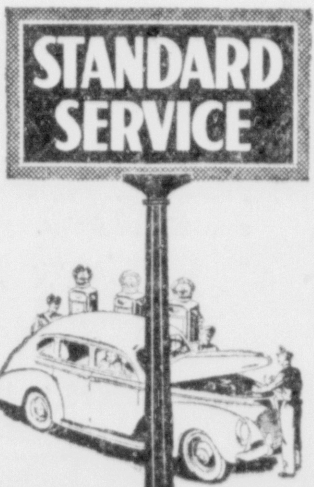

2 "I see a trip," the soothsayer smiled. "A holiday jaunt with your wife and child."

3 "But wait! I fear you'll not go far. There's grief ahead with that ailing car!"

4 "No! No!" cried Paul. "This must not be! I'm not gonna let it happen to me!"

5 He dashed to his car. His idea was fine: He steered for a Standard Service Sign.

6 The car was soon pepped up for Paul—So the holiday trip was a joy after all!

Why risk having the holiday week-end go sour on you? No fun going away with your fingers crossed for fear of a fan belt busting, radiator overheating, and such. No... not when you can have the whole business quickly attended to... radiator, cooling system, tires, battery, spark plugs, oil, chassis, transmission, differential, 'n everything.

## Students Enjoy End Of Year Party At Junior High

Students of section four of the seventh grade at the junior high school held a party after school hours Monday afternoon as a final "get-together" before the close of the school year. Games were played and refreshments served afterward in the section's home room. The party was arranged by officers of the home room, Jessie Pierce, president; Janet Nelson, secretary; and Donelda Smith, treasurer.

They were assisted by the following committees: entertainment, Mary Shepeck, Donna Jensen, Gary Carlson, Romona Hale, Robert Delin; clean-up, Jerry Jensen, Donna Jensen, Elaine Sivertson, Darlene Wilson, Alice May Theoret, Betty Thorbjornsen, Nancy Larson, Bill Miller, Chairmaire Freeman, Robert Lancour, Robert Patrick; serving, Jessie Pierce, Donelda Smith, Janet Nelson, Elaine Beck, Justine Cousineau, Dick Erickson, John Prokos, Wallace Finstrom.

Guests of the students were Don MacKie, home room advisor, and Mrs. MacKie; Miss Thelma Ramsay, Miss Myrtle Beaton, Coach William Puckelwartz and school Principal Clarence Zerbel.

Other seventh grade sections are planning similar parties before the close of school in June.

## Washington School Students Guests At Banquet On Monday

Washington school sixth grade students who are completing their elementary school work this year were guests last evening at the junior high school at a 6:30 o'clock banquet prepared by their mothers and members of the school Parent-Teacher Association.

Jaqueline Roberts served as toastmistress at the dinner. Arrangements for the dinner, an annual school custom, are handled by the students as a sort of class project. They prepare invitations, design favors for the dinner and study menus in anticipation of the traditional affair.

Members of the Washington school faculty and school supervisors were special guests at the banquet.

Miss Lenora Ryan, Washington school principal, was presented with an attractive gift by the students.

Mrs. William McCarthy was general chairman in charge of dinner arrangements and was assisted by Mrs. Alvin St. Pierre, Mrs. L. F. Miller, Mrs. Arvid Bok, Mrs. Nettie Seidl, Mrs. David Johnson, Mrs. Oscar Kjellgren, Mrs. Patrick O'Connor and Mrs. Joseph Freiden.

## Miss Moran Heads College Newspaper

Appleton, Wis.—Nancy Moran, 1912 Seventh avenue south, has been chosen editor-in-chief of the Lawrence College newspaper, The Lawrentian.

Miss Moran, who has served as co-issue editor and take-up editor of the paper, was recently awarded a key for outstanding work in journalism. During the summer she will be a member of the Daily Press staff, a position which she held last summer.

## Garden

### Picnics

Garden, Mich.—The kindergarten pupils with their mothers and teacher, Mrs. Marcella Winter, enjoyed a picnic at the old ball park at Fayette, Wednesday. A small bear was sighted by some of the children in the woods and as the cars left for home a bear passed in front of them on the Fayette Hill.

Grade school children, with their teachers, Kenneth Ralph, Mrs. Vernon Peterson, and Mrs. Leroy Winter, went by school bus to Indian Lake for their annual picnic Wednesday.

The girls of the 4-H club enjoyed a picnic supper with their leaders, Mrs. Vernon Peterson and Mrs. Leroy Winter at the latter's cabin Tuesday night.

The senior and intermediate girl scouts and their leaders, the Misses Mildred Purtil and Marcella Winter, enjoyed a hike to Van's Harbor Tuesday evening, doing some sketching and having a picnic lunch.

Mr. and Mrs. Grady Steele are the parents of a 7½ pound daughter born at a Muskegon hospital Monday. Mrs. Steele was the former Mary Ellen Farley, daughter of Mr. and Mrs. Louis Farley of Kate's Bay.

Students graduating from the Garden high school this year include Margery Guertin, Farrell Deloria and Ethelyn Lester. They received their diplomas Friday. All schools of the township closed Friday for the summer vacation.

Mrs. Dighton Tatrow, Mrs. Jack La Cost and Miss Dora La Tulip spent Tuesday in Escanaba.

Gerard Thibault, Gerard Bernier and Eugene Bernier Jr. spent Wednesday in Escanaba.

Mr. and Mrs. Kenneth Headfield and children, Margaret, David and Kathryn arrived Tuesday night from Leesburg, Ohio, to visit for several weeks.

Milton Farley and Basil McDonald were business callers in Manistique Wednesday.

## Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pains of stomach ulcers disappear almost immediately. Also recommended for gas, pain, indigestion, heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of LURIN from their druggist. LURIN contains this new discovery in its purest form. Easy to take. Just mix two teaspoons in a half glass of milk. Costs but little. Must satisfy or money refunded.

Lurin for sale by City Drug Store and drug stores everywhere.

## Missionary To Japan Will Tell Of Wartime Work

Miss Mildred Anne Paine, Wesleyan Guild missionary, will speak at the Central Methodist church at eight o'clock Wednesday evening. She will tell of her experiences in Japan up to the time she was forced to leave in 1943 when the bombings became too great for her to continue her work.

She will also preside at the ceremonies that evening when the local unit becomes affiliated with

the Wesleyan Service Guild, and will formally install the officers who have been elected.

**Officers Elected**  
The officers are: Mrs. Clifford Frasher, president; Mrs. Sam Cathcart, vice president and general program chairman; Miss Irma Okerland, secretary-treasurer.

Besides the officers, chairmen of various committees have been chosen to direct the work of the Guild. These are as follows:

Spiritual life cultivation committee—Mrs. Wellington Hinze.

Missionary education and service committee—Mrs. Stafford LeDuc.

Christian social relations and local church activities committee—Miss Anona Anderson.

Social recreation and supply work committee—Mrs. John Holland.

The evening program will include a vocal solo by Mrs. Fred Johnson, and selections by a quartet composed by Mrs. Alan Goodman, Miss Lillian Bosk, Kenyon Haring and Burt Haring, accompanied by Miss Ruth Johnson.

The public is invited.

Dock, pigweed and wild mustard greens are particularly rich in carotene and ascorbic acid.

## HEAR TRIBUTE TO COMRADES

Vets Attend Services At First Baptist Sunday Morning

Veterans of World War I and II and members of Auxiliary organizations were honored guests at a special memorial service at the First Baptist church Sunday morning.

The Rev. J. D. B. Adams, pastor of the church, preached a sermon fitting the occasion using the text "Blessed is the Nation whose God is the Lord." In it he told how the founding fathers of this country were men of deeply religious convictions and that the great men of the nation in crisis of the past, resorted to prayer for strength and wisdom to carry on.

He cited as a matter of grave concern the fact, revealed by a recent survey, that 67 million people in this country attend neither Catholic, Protestant nor Jewish services from one year's end to the other.

He offered as a safe and sure way of solving the ills of the world the following of Christ's teachings and unflinching faith in them.

He paid an impressive tribute to the courage and sacrifices of the men who served their country in its time of need. Added impressiveness was added to the service by reading the names of the men who lost their lives while in the service. There were twenty-two men in World War I and twenty-eight in World War II from schoolcraft county who died under such circumstances it was revealed.

Ex-service men marched to the services in a body.

## FALLING TREE KILLS WORKER

H. Kaiser, Thompson, Is Victim Of Monday Morning Mishap

Herman Kaiser, 32, of Thompson, a timber worker employed in the Frank Heinz lumber camp in the northern part of Hiawatha township, was instantly killed by a falling tree Monday morning.

With Kaiser at the time of the accident, was his brother, Harry. The mishap occurred about 7 o'clock when they were felling the first tree of the morning, a large red birch of about two-foot trunk thickness. The tree, in falling, lodged against another and Kaiser, trying to get out of the way of the tree, ran underneath the trunk, evidently heading for a clearing on the other side from where he stood. The falling tree made an unlooked for turn and pinned the man under, killing him instantly.

George Morton, county coroner, was called and took charge of the body deciding immediately that no inquest was necessary. Considerable difficulty was experienced by the logging crew in lifting the log from the man's body.

Herman Kaiser was born in Onalaska, Wis., on January 3, 1914. He came here about ten years ago from Ontario, Wis., and for the most part has been employed in woods work.

He is survived by his parents, Mr. and Mrs. William Kaiser, of Thompson, two sisters, Mrs. Lucille Wagner, of Tomah, Wis.; and Anna Kaiser, of Thompson; nine brothers, William Jr., of Norwalk, Wis.; Pvt. Roland, Ft. Sheridan, Ill.; John, of Tomah, Wis.; Harry, Robert, Albert, Arthur, Joseph and Bert, Thompson.

The body is now at the Morton Funeral Home. Funeral arrangements have not as yet been completed.

## Noted Football Star Speaks At Local Elk Stag

A talk by John Pingel, a former All-American football star, and movies of spring training activities at Michigan State College, where he is backfield coach, will highlight the evening at a stag session at the Elks club Wednesday evening.

O. J. Schuster, exalted ruler announces. Pingel will also speak to Manistique high school students at the school auditorium Wednesday afternoon at 2:30 o'clock.

The movies will show an intergraduate game at the college which is the windup feature of the spring training program. Pingel is a graduate of Michigan State College where he starred as halfback on the school's teams of '36, '37 and '38. In 1938 he was chosen for the mythical All-American eleven and in that same year played in the All-Star game.

Following his graduation he worked for the Dodge corporation in Detroit and played with the Detroit Lions of the National Football League. He also did some broadcasting of football games in 1940.

Entering the army in 1941 he covered nearly all of the European war theater, leaving the service in 1945 with the rank of captain. While in the army he played service football in 1942 under Colonel Nyland.

Pingel's coming here is in keeping with the policy of the local Elks lodge of bringing one or two outstanding personages in American sport to Manistique every year.

## MAN BELIEVED DROWNED

Iron Mountain — Charles Eggert, 22, Milwaukee, on a 30-day leave from the Navy, is believed to have drowned last night in Sea Lion lake, in Florence county, when a rowboat, in which he had gone fishing with his brother-in-law, also of Milwaukee, was overturned by waves.

The brother-in-law, whose name was not obtained by Sheriff Church and the undersheriff, Henry Meyers, of Florence, clung to the overturned boat. Eggert, an excellent swimmer, removed his clothing in the water and started for shore, about 100 yards away.

## In Memoriam

In loving memory of our dear son and brother, Billy Donovan, who passed away three years ago today, May 28, 1943.

Three years of silent sorrow. We miss you when the morning dawns. We miss you when the night returns. We miss you here, we miss you there.

Dear Billy, we miss you everywhere. Your loving smile, your loving face.

No one can fill your vacant place.

And when we sit and think of you,

Our hearts are filled with pain; pain;

Our home would be like heaven, Could we hear your voice again.

Signed:

Mr. and Mrs. C. W. Donovan

## Shirley Van Dyck Is Recently Wed To Detroit Man

Mr. and Mrs. J. H. Van Dyck of this city have announced the recent marriage of their daughter, Shirley, to William D. Graff, son of Mrs. Fred Graff of Detroit. The double-ring ceremony was performed by the Rev. W. Burmeister in Detroit.

For her wedding, the bride chose a pastel green dress with matching accessories and a white orchid corsage.

Following the ceremony a reception was held at the home of the bridegroom's mother.

The bride is a graduate of the local high school and for the past four years has been employed in Flint and Detroit. The bridegroom is a graduate of South Eastern high, Detroit. He recently received his release from the USAAF after three and a half years of service, two and a half of which were spent in North Africa and Italy. The young couple are making their home in Detroit.

## INLAND OFFERS NEW PROPOSAL

Union Members Meeting This Morning To Consider It

Hope that the long drawn out strike at the Inland Lime and Stone company plant at Port Land may shortly be settled was indicated late Monday afternoon when representatives of the union issued a statement urgently requesting members of Local 377 International Mine, Mill and Smelter Workers to meet at the Odd Fellows hall this morning at 9 o'clock.

The calling of this meeting was prompted by what took place at a meeting held at the company offices in Manistique Monday afternoon when members of the local union, an international representative, company officials and a representative of the U. S. Department of Labor met and discussed the situation.

The terms presented at the meeting have not been made public, but from the urgency of this morning's meeting, the outcome is more than usually significant.

Gene Saari, international union representative, in announcing this morning's meeting stated that it is of utmost importance that every member make special effort to be present as settlement of the strike may hinge on each member's presence there.

Present at Monday's meeting were Robert Marks, Tom Wilson and Henry Powers, officials of the local, Gene Saari, international union representative, A. J. Cayia and A. W. Heitman, company officials, and John Luecke, U. S. Department of Labor representative.

The employees have been on strike since March 20 when their demand for an 18 1/2 cents per hour raise in wages was rejected by the company.

## The Sports Parade

By Ken Gunderman

The toughest kind of luck has dogged the Eskymos track team all season, a string of misfortune that was climaxed last Saturday when they lost the Upper Peninsula Class B championship to Ironwood by a half-point. Any consolation that the Eskymos can get out of the results at Houghton must come from the fact that they decisively outscored Sault Ste. Marie and Menominee, teams that had scored narrow victories over Escanaba in previous meets this spring. Failure to qualify the relay team for the Houghton meet cost the Eskymos the Class B team title. The Eskymos have at least the fourth fastest half mile relay team in the peninsula, perhaps better. Fourth place in the relays would have brought two points, more than enough for the team championship.

The Escanaba Bears dropped their third successive game Sunday, losing to the league leading Niagara Badgers, 7 to 5, but they have shown enough potentialities to prove that they will be no pushover for any club in the league. The main trouble this far has been erratic fielding, a condition that is caused to a considerable extent by insufficient practice.

Thursday afternoon the Bears will play a non-league game with the Iron Kings at Iron Mountain. The game offers Manager Schwalbach an ideal chance to do a little experimenting because the results will have no effect on the NWM standings. Next Sunday the Iron Kings will play at Escanaba in a league game. It is probable that Beck will hurl one of the games against the Iron Kings and Fitzpatrick the other. Practice sessions are scheduled tonight and Wednesday night. These workouts, plus the game Thursday, may do wonders in shaking the erratic fielding that has plagued the club this season.

**Redskins Trounce Chatham All Stars In Rainbow Opener**

Chatham, Mich.—The Gladstone Redskins took a first inning lead and continued to add it to take an easy 11-3 victory from the Chatham All-Stars in one of the opening games in the Rainbow league here Sunday.

Loose fielding played a part in some of the Redskins' scoring, five bobbles being charged against Chatham.

## MASSEY WINNER IN SEMI-FINAL

Bob Provo Loses Close Decision; Dougherty Beats Piche

Leonard Sharkey, of Escanaba, hard hitting Indian boxer, won a cleanout decision over Jimmy Hubbard, of the Soo, in the finals of the Escanaba AAU boxing matches last night at the junior high school gymnasium. In the semi-windup, Al Massey, of the Soo, won a narrow decision over Bob Provo, of Escanaba.

Other results follow:  
Don Dougherty, Manistique, decision over Jim Piche, Escanaba.  
Willard Anderson, Manistique, TKO over Chuck Larson, Escanaba, second round.

Pinky Weber, Manistique, TKO over Henri Beauchamp, Hardwood, end of first round.  
John Strophich, Escanaba, TKO over Jim Goudreau, Manistique, second round.

Harold Mayer, Manistique, decision over Ray Goodnough, Escanaba.  
Ronald LaCount, Iron Mountain, decision over Leo LaCrosse, Escanaba.

Eugene Richards, Munising, decision over Joe Lequia, Escanaba.  
Ray Sabuco, Escanaba, TKO over Orville Van Effen, Escanaba, second round.

Cliff Johnson, Manistique, TKO over Cliff Weber, Manistique.

In the windup, Hubbard fought the Escanaba Indian lad on even terms in the opening round but Sharkey moved out in front in the second stanza and won the match rather decisively in the final round. Sharkey was in superb physical condition while Hubbard appeared to be somewhat overweight for his best fighting trim.

The Provo-Massey semi-final was a ding dong, give and take battle in which the Escanaban fought magnificently despite the fact that he gave substantial poundage to the Soo battler. Massey won the decision on counter-punches.

The Dougherty-Piche fracas also was a heated, pitched battle in which the two gladiators tossed plenty of leather. Dougherty gained the advantage in the clinches, however.

Willard Anderson, of Manistique, stopped Chuck Larson of Escanaba in the second round after scoring two knockdowns. Referee Manci stopped the battle, but Larson drew a big hand for his gameness in continuing to bore in despite the fact that he was out-lashed.

Henri Beauchamp, of Hardwood, put up a blood tending scrap with Pinky Weber, of Manistique, although the fight lasted only one round. Beauchamp was too badly winded after the furious first round and was unable to continue.

John Strophich, of Escanaba, looked sharp in scoring a technical kayo over Jim Goudreau, of Manistique. It was Goudreau's first fight and he showed lots of promise, but Strophich scored heavily in the second round before Referee Manci halted the action.

Harold Mayer, of Manistique, scored two knockdowns in winning a decision from Ray Goodnough, of Escanaba. Both battlers are ring veterans.

Ronald LaCount, a game youngster from Iron Mountain, put on a good performance in winning a unanimous, although close decision from Leo LaCrosse, of Escanaba. LaCount won the nod with a fast finish.

Eugene Richards, of Munising, a square battler built like a tank destroyer, found a tough opponent in Joe Lequia, of Escanaba, but Richards took the decision in a well fought match.

Ray Sabuco, of Escanaba, scored a TKO over Orville Van Effen, also of Escanaba, in the second round. Van Effen caught a blow on his eye which caused

him to abandon the battle.

In the opener Cliff Johnson, of Manistique, scored a two round TKO over his stablameat, Cliff Weber, after gaining a decided advantage in the second round.

Jim Manci of Iron Mountain refereed the bouts and the judges were Bud Herman and Gene Romani, of Iron Mountain.

The boxing card was witnessed by a large crowd of fight fans.

**Drug Improves Child Behavior**  
Chicago—A drug that makes problem children behave better has been discovered by Dr. Charlotte F. Walker and Miss Barbara B. Kirkpatrick of Duke University School of Medicine.

The drug is diphenylhydantoin sodium and goes under the trade name of Dilantin.

Before parents of unruly children start a run on the neighborhood drug store they should consult their physician. The drug is sold only on a doctor's prescription.

It was developed about 16 years ago for treatment of epilepsy and has greatly aided some patients with that disease. Its new use for problem children was announced by the Duke researchers at the meeting of the American Psychiatric Association here.

**50-Cent Raise In Ore Prices Asked**

Ishpeming—With the end of the iron mine strike on a settlement of 18.5 cents an hour increase in wages, the matter of a boost in price to compensate management is before the Office of Price Administration, but first news has not been encouraging.

Reports from early conferences indicate, it was said today, "it looks like 25 cents."

Mining companies have been aiming for a 50-cent-a-ton increase. They have been losing money in underground properties, it is asserted, and the 18.5 cents an hour wage increase means 40 cents added to the cost of producing a ton of ore.

A 50-cent increase would enable the companies to pay the 40 cents extra in wages and leave 10 cents as gross profit.

Conferences are to continue and additional testimony will be received to support plans for more than 25 cents a ton. It was stressed that the report of 25 cents was a tentative figure.

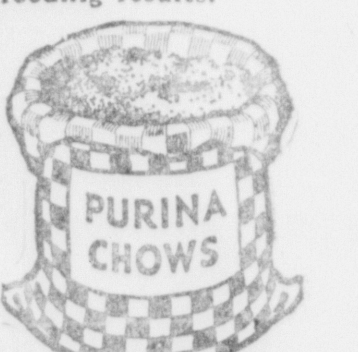

Great Salt Lake, Utah, is the second largest lake entirely within the boundaries of the United States.
